THIS AGREEMENT IS MADE AND ENTERED INTO ON THIS _____ day of _____, 2009 by and between the TORRINGTON BOARD OF EDUCATION ("Hereinafter referred to as the Board") and the TORRINGTON EDUCATION ASSOCIATION ("Hereinafter referred to as the Association") affiliated with the Connecticut Education Association and the National Education Association.

ARTICLE 1

PREAMBLE

- A. This Agreement is negotiated pursuant to Connecticut General Statutes, Sections 10-153a to 10-153g, inclusive and as amended from time to time.
- B. The Board and the Association recognize the importance of responsible participation by the entire professional staff in the educational process. To this end they agree to maintain communication, to inform, to guide in the development of programs, and to assist in research, planning, implementation and evaluation of these programs.

ARTICLE 2

RECOGNITION

- A. The Board recognizes the Association for purposes of professional negotiation as the exclusive representative of a unit consisting of all certified professional employees of the Torrington School System who are employed in positions requiring a teaching or other certificate from the State Board of Education and are not included in the administrators' unit or excluded from the purview of sections 10-153a to 10-153n of the general statutes: including long term or permanent substitutes but excluding temporary substitute teachers and aides. Unless otherwise indicated, the employees in the above unit shall be hereinafter referred to as "teachers."
- B. For the purpose of this article a long term substitute is defined as a teacher who currently holds a Connecticut certification endorsement in the subject area and grade for which he is to teach as a substitute for more than forty (40) school days in the same assignment and in the same district. A permanent substitute is defined as an individual who, in addition to holding a current Connecticut teacher certification, has been hired to teach as a substitute for ten (10) school months in the same school year on a continuous basis, but not in the same assignment for more than forty (40) school days, and is not being called to substitute on a day by day basis.
- C. The determination and administration of educational policy, the operation of the schools, and the direction of the professional staff are vested exclusively in the Board or in the Superintendent when so delegated by the Board as set forth by the State Statute Section 10-220; 221, and such others as apply.

- D. Teachers will be entitled to full rights of citizenship and no religious or political activities of any teacher (provided such activities do not take place during working hours) or the lack thereof will be grounds for any discipline or discrimination with respect to the professional employment of such teacher. The Association agrees to represent equally, all certified personnel without regard to membership or participation in, or association with the activities of the Association or any other employee organization.

ARTICLE 3

PROFESSIONAL NEGOTIATIONS

At least 210 calendar days prior to the budget submission date of the calendar year in which the Agreement expires, the Board agrees to negotiate with the Association over a Successor Agreement in accordance with the procedure set forth herein in a good faith effort to reach agreement with respect to teachers' salaries and other conditions of employment, all in accord with Section 10-153d of the Connecticut General Statutes as amended from time to time.

ARTICLE 4

TEACHER IN CHARGE

This article is to memorialize the work that a teacher accomplishes when fulfilling assigned administrative duties in the absence of the principal or an assistant principal. At the conclusion of a school year, during which a teacher performs the duties described above, a letter from the teacher's respective principal will be placed in the teacher's file reflecting the attainment of "Teacher in Charge" status and a copy sent to the teacher.

ARTICLE 5

SPECIFIC PERFORMANCE

In the event of a breach or contemplated breach of any of the terms or provisions of this Agreement, either party shall have the right to institute and prosecute an action in a court of competent jurisdiction to secure an order or decree directing the specific performance hereof or enjoining such breach. Such equitable relief shall be in addition to any damage which would otherwise be obtained.

ARTICLE 6

SEVERABILITY

In the event that any provision or portion of this Agreement is ultimately ruled invalid for any reason by an authority of established and competent legal jurisdiction, the balance and remainder of this Agreement shall remain in full force and effect.

ARTICLE 7

GRIEVANCE PROCEDURE

A. Definitions

- 1) A grievance shall mean a complaint by a teacher or group of teachers 1) That there has been as to him/her or them a violation or inequitable application of any of the provisions of this contract, or 2) That he/she or they have been treated inequitably by reason of any act or condition which is contrary to established School System policy or practice governing or affecting employees, except that the term "grievance" shall not apply to any matter as to which the School Board is without authority to act.
- 2) An "aggrieved person" is the person or persons making the claim.
- 3) A "party in interest" is the person or persons making the claim and any person who might be required to take action or against whom action might be taken in order to resolve the claim. The Board of Education and the Association shall be considered "parties in interest" for the purposes of Article 7.

B. Purpose

- 1) The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to grievances which may from time to time arise. Both parties agree that these proceedings shall be kept as informal and confidential as may be appropriate at any level of the procedure.
- 2) Nothing herein contained shall be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the administration.

C. Procedure

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as maximal and every effort should be made to expedite the process. The time limits specified may, however, be extended by written mutual agreement.

In the event a grievance is filed on or after June 1 which, if left unresolved until the beginning of the following school year, could result in irreparable harm to a party in interest, the time limits set forth herein shall be reduced so that the grievance procedure may be exhausted prior to the end of the school term or as soon thereafter as is practicable. A form for filing and processing grievances shall be prepared and approved jointly by the Association and the Superintendent and be made available through the Association. The grievance form will be included in Appendix D.

- 1) **Level One** A teacher with a grievance shall first present it in writing to and shall discuss it with the principal or immediate supervisor, either directly or through the Association's School Representative, with the objective of resolving the matter informally.
- 2) **Level Two**
 - a) If the aggrieved person is not satisfied with the disposition of the grievance at Level One, or if no decision has been rendered within ten (10) school days after presentation of the grievance, he/she may file the grievance in writing with the Chairman of the Association's Committee on Professional Rights and Responsibilities (hereinafter referred to as the "PR&R Committee") who shall, within ten (10) school days after the decision at Level One or, if no decision was rendered, then within twenty (20) school days after the grievance was presented at Level One, file it, in writing, with the Superintendent of Schools.
 - b) The Superintendent shall represent the administration at this level of the grievance procedure. He may meet or otherwise confer with the aggrieved person in an effort to resolve the grievance but, in any event, shall render a decision thereon, in writing, within fifteen (15) school days after his receipt of the written grievance.
 - c) If a teacher does not file a grievance in writing with the Chairman of the PR&R Committee and the written grievance is not forwarded to the Superintendent within thirty (30) school days after the teacher knew or should have known of the act or condition on which the grievance was based, then the grievance shall be considered as waived. A dispute as to whether a grievance has been waived under this paragraph shall be subject to arbitration pursuant to Level Four.
- 3) **Level Three** If the aggrieved person is not satisfied with the disposition of the grievance at Level Two, or if no decision has been rendered within fifteen (15) school days after the receipt of the written grievance by the Superintendent, he/she may file the grievance in writing with the Chairman of the PR&R Committee who may, upon consideration of the merits of the grievance, within ten (10) school days after the decision at Level Two or, if no decision was rendered, then within twenty (20) school days after the written grievance was filed with the Superintendent, file it, in writing, with the Board. Within fifteen (15) school days after receiving the written grievance, the Board, or its designated Committee, shall meet with the aggrieved person for the purpose of resolving the grievance. Any decisions concerning the grievance at Level Three shall be rendered, by the Board or its said Committee, within fifteen (15) school days after said meeting with the aggrieved person.

4) **Level Four**

- a) If the aggrieved person is not satisfied with the disposition of the grievance at Level Three, or if no decision has been rendered within fifteen (15) school days after the first meeting with the Board, the aggrieved person may request in writing that the Chairman of the PR&R Committee submit the grievance to arbitration. If the PR&R Committee determines that the grievance is meritorious, that it involves the interpretation, meaning or application of any of the provisions of this Agreement, and that submitting it to arbitration is in the best interests of the Torrington School System, it may, by written notice to the Board, submit the grievance to arbitration within fifteen (15) school days after receipt of the decision at Level Three. Grievances which do not involve the interpretation, meaning or application of any of the provisions of this Agreement may be processed through Level Three, but shall not be arbitrable.
- b) Within ten (10) school days after such written notice of submission to arbitration, the Board and the PR&R Committee shall agree upon a mutually acceptable arbitrator and shall obtain a commitment from said arbitrator to serve. If the parties are unable to agree upon an arbitrator or obtain such a commitment within the specified period, a request for a list of arbitrators shall be made to the American Arbitration Association by either party. The parties shall be bound by the rules and procedures of the American Arbitration Association in the selection of an arbitrator.
- c) The arbitrator so selected shall confer with the Board and the PR&R Committee and shall hold hearings promptly. The arbitrator shall issue the decision not later than twenty (20) days from the date of the close of the hearings or, if oral hearings have been waived, then from the date the final statements and proofs are submitted to the arbitrator. The arbitrator's decision shall be in writing and shall set forth findings of fact, reasoning and conclusions on the issues submitted. The arbitrator shall be without power or authority to make any decision which requires the commission of an act prohibited by law or which violates the terms of this Agreement. Arbitration of grievances involving the interpretation, meaning or application of any of the provisions of this Agreement, shall be final and binding.
- d) The costs for the services of the arbitrator, per diem expenses, if any, and actual and necessary travel and subsistence expenses, shall be borne equally by the Board and the Association.

D. **Rights of Teachers to Representation**

- 1) No reprisals of any kind shall be taken by either party or by any member of the administration against any party in interest, any School Representative, any member of the PR&R Committee or any other participant in the grievance procedure by reason of such participation.

- 2) Any party in interest may be represented at all stages of the grievance procedure by a person of his own choosing, except that the party may not be represented by a representative or by an officer of any teacher organization other than the Association. When a teacher is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance procedure.

E. Miscellaneous

- 1) If, in the judgment of the PR&R Committee, a grievance affects a group or class of teachers, the PR&R Committee may submit such grievance in writing to the Superintendent directly and the processing of such grievance shall commence at Level Two.
- 2) Decisions rendered at Levels One, Two and Three of the grievance procedure shall be in writing setting forth the decision and the reasons therefore and shall be transmitted promptly to all parties in interest and to the Chairman of the PR&R Committee. Decisions rendered at Level Four shall be in accordance with the procedures set forth in Section C., Paragraph 4 (c).
- 3) All documents, communications and records generated after the filing of the grievance, including the grievance form itself, and dealing with the processing of a grievance shall be filed separately from the personnel files of the participants.
- 4) The sole remedy available to any teacher for any alleged breach of this Agreement or any alleged violation of his rights hereunder shall be pursuant to the grievance and arbitration procedure, provided, however, that nothing contained herein shall deprive any teacher of any legal right which is presently held.

Levels of Salary Scale Defined

A. Ranges Based on Experience

- 1) Under the schedule, the salary range for each teacher is determined in part by the amount of his professional experience. Regular increments as set under the schedule are granted for each step shown on said schedule.
- 2) Any teacher employed by the Torrington Board of Education prior to July 1, 2002 who was not placed on the numerical step which reflected the amount of qualified previous experience granted at the time of hire, may submit to the Superintendent, by October 1, 2002, a request for review of placement. All teachers not on the maximum step who, based on the "years of completed service" column effective at the time of hire, were not given full credit for granted teaching experience shall be advanced an additional step on the 2003-2004 salary schedule.

B. Ranges Based on Training

- 1) Under the schedule, a teacher's salary is determined also by professional training. The proposed schedule makes provision for four groups: four years of academic work with a bachelor's degree; a fifth year level with a master's degree or thirty hours of approved graduate work beyond a bachelor's degree; a master's degree plus fifteen graduate credits in a planned program; a sixth year level with a professional certificate or a second master's degree.
- 2) Since the schedule cannot operate adversely to affect the present standing of any teacher, this clause is included:

In those cases prior to the ruling of the Board of Education, February of 1950, on in-service credits, where teachers qualified for the next level partially on the basis of in-service credits accepted and approved by an In-Service Committee, these credits shall be honored both for attainment of a level of advancement or retention of a level of advancement.

- 3) Notwithstanding the provisions of Paragraph B 1) undergraduate credits accumulated beyond the master's degree for the purpose of qualifying for the next level on the salary schedule shall be credited toward the attainment of that level if 1) earned at an accredited college or university, 2) in a program of study reasonably related to the teacher's assignment in Torrington, and 3) approved by the Superintendent.

C. Increments

- 1) Each teacher not already at the maximum salary on the schedule shall receive, upon satisfactory performance, one increment every year. Provision for a teacher who moves from one level to the next is made under the section on Basis for Advancement.
- 2) Year for year credit, not to exceed two years, for active military service is granted on the salary schedule to each teacher provided said teacher has not previously received such credit in this system. No fractional year credit will be allowed for active military service.
- 3) Teachers who fill a position for which they are qualified, and teach one-half (1/2) of the school year in the Torrington district, shall, if hired the following year, move to the next step of the appropriate level.

D. Placement For New Hires

- 1) The Board may offer to teachers hired for and after the 2005-2006 school year, work experience credit for salary placement purposes provided:
 - a) the Board makes a consistent effort to hire certified teachers and

- b) the work experience is directly related to the teacher shortage areas designated by the Connecticut State Department of Education or is in an area that mutually is agreed upon by the board and the association.
- c) the teacher shall teach most of his or her schedule in the area(s) for which work experience is given and,
- d) the Board may grant up to 75% of a person's work experience rounded upwards or downwards to the nearest whole year.

For Example: Someone with eight (8) years work experience as a chemist may be credited with up to six (6) years experience for salary placement purposes, provided he is hired to teach chemistry.

E. Basis for Advancement

1) Level One

- a) The basic requirements for Level One is the holding of a bachelor's degree and an appropriate teacher's certificate.
- b) All teachers presently employed not holding a bachelor's degree but meeting State requirements for certification are classified under Level One.

2) Level Two

A teacher must have a bachelor's degree plus a professional educator's certificate or an additional thirty hours of credit on a graduate level or master's degree and an appropriate teacher's certificate.

3) Level Three

Beyond the requirements of Level Two, the teacher must have 15 credits in a planned program.

4) Level Four

Subsequent to June, 1956, a teacher must have a master's degree plus a professional certificate or another master's degree unless the teacher has completed requirements for Level Two prior to June, 1956, plus a master's degree or a professional certificate.

5) Doctoral Differential

- a) Teachers who hold a doctorate degree will be compensated, beyond the step and level of present salary, at the rate of \$2,500.

- b) The doctoral differential will be pro-rated upon notification to the Superintendent of receipt of doctorate degree. Item F-3) of the General Regulations Governing Advancement does not apply to this differential.

F. General Regulations Governing Advancement

- 1) In any case of disagreement at local level concerning credits, the Connecticut State Department of Education shall be the final arbitrator.
- 2) All credits shall be acquired from approved institutions of learning in compliance with Connecticut State Department of Education regulations.
- 3) A teacher meeting necessary requirements advances to the new level on the next school year. He/she will receive both the experience increment and the training increment. In order to qualify for a change of level qualification status during any school year, written notice of an expected change must be filed with the office of the Superintendent no later than February 1st of the preceding school year. The teacher will also need to submit the necessary credentials to verify the basis for the requested change in level before the level change can occur.

Differential schedule stipends will remain the same for 2009-2010 contract year.
